

RCTV Home Video

(1997-Present)

Logo: On a stone background, we see the 1996 RCTV logo zooming in. It then spins, causing the words “HOME VIDEO” in blue balls for each letter to jump into the logo one-by-one.

Variant: RCTV Home Video’s Blu-ray Discs or HD-DVDs have either the Blu-Ray Disc logo or the HD-DVD logo zooming below at the end. These variants are used since 2006.

EX: Simple animation for 1997. It quickly started to get a bit dated in early-2008.

Music: The 1996-1999 RCTV theme.

Availability: Seen on video tapes of the time. Currently seen on DVDs.

Scare Factor: Low, the spinning could catch you off guard. Otherwise, it’s a good logo.
